Chew and spit
honey this way
chew and spit
wax that way
chew and spit
before it snows.

Light, distant light
lower than the stars
which will be the hand
that will turn you on and turn you off?

I saw Nina flying
between the swing's ropes
one day I'll catch her
like the wind does when it hits your back.

And if my father knows about it
I'll have to go to a different country
if my father knows about it
I will sail to sea.

Chew and spit
honey this way
chew and spit
wax that way
chew and spit
before it snows.

The shadow came tonight
the shadow that imitates me
I showed her my knife
and my mulberry mask.

And if my father knows about it
I'll be on my way
if my father knows about it
I'll sail far away.

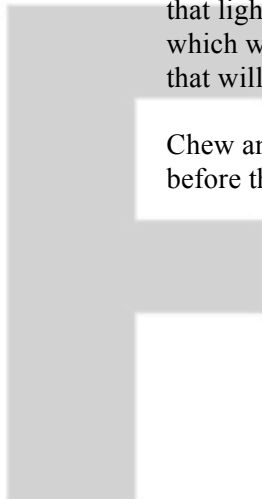

Chew and spit
honey this way
chew and spit

wax that way
chew and spit
before it snows.

I saw Nina flying
between the swing's ropes
one day I'll catch her
like the wind does when it hits your back.

Light, distant light
that lights up and goes out
which will be the hand
that will light up the stars?

Chew and spit
before the snow comes.
